9. The full quantities of the material offered () are, () are not currently available for shipment.

(b) The Government, when deemed necessary, may require information concerning the material offered in addition to the above. As part of the pre-award responsibility determination efforts, the Government may perform on-site inspections to verify the offeror's ability to perform.

(c) If the Government determines that former Government surplus, residual inventory from terminated or completed contracts, or used or reconditioned material meets the minimum needs of the Government for this procurement, the following applies:

(1) All contractor records of inspection or corrective actions pertaining to the offered items shall be documented in accordance with paragraphs 4.10, 4.14, and 4.16 of ISO 9001.

(2) Any measuring and test equipment devices used by the offeror in inspection of the items offered shall be calibrated in accordance with paragraph 4.11 of ISO 9001.

(3) In the event of award neither the fact that the offeror does not have drawings or specifications nor the fact that in-process Government inspection cannot be performed relieves the offeror from the obligation to furnish material which fully complies with all requirements of this solicitation or resulting contract. The offeror's responsibility to perform is neither diminished by the fact that the Government performed a pre-award survey on the items to be delivered nor the contractor's compliance with all
