TITLE: STATEMENT OF WORK/SPECIFICATIONS - GOVERNMENT SPECIFICATIONS (USAAMCOM)

TEXT

a. The Contractor, as an independent Contractor, and not as an agent or employee of the Government, shall furnish all services, facilities, labor, parts, materials, equipment, tools and data (other than Government Furnished Property, listed in attachment -1-, necessary to accomplish the inspection and -2- required to return the items as specified in Section B, to condition code A as defined by Army Regulation 725-50. The input/output configuration shall be as defined in Section B herein. Upon completion of the -2-, as applicable, the items shall be packaged as defined in Section D of this contract and shipped to the destination(s) specified in Section F.

b. Prior to commencement of -2-, the Contractor shall disassemble and inspect the item to the extent necessary to determine if the total cost of such -2- including labor, services, parts and materials will exceed -3- percent of the acquisition cost as indicated in Section B under the item description. Upon determining that the total cost will exceed -3- percent, the Contractor shall notify the Procuring Contracting Officer (PCO) through the cognizant Administrative Contracting Officer (ACO) and shall stop work on the item(s) until given further instructions or disposition of the item(s) by the PCO.

c. In the event the PCO determines that certain items should be scrapped, the contractor shall scrap such items at the fixed unit price in Section B hereof and make disposition in accordance with (IAW) the Contractor's approved Government property procedures. Such scrapped items shall count toward the quantities ordered hereunder. The Government may, at its discretion, replace any items scrapped by input of additional assets, and said scrap quantities will not count as part of the total maximum quantity.

d. -2- as applicable, shall be accomplished IAW -4-, Attachment -5-.

e. The -2- shall comply with the following critical characteristics: -6-.

f. Upon receipt of the reparables, containers shall be reviewed for serviceability. Containers shall be considered serviceable unless one or more of the following conditions exist: (1) containers are structurally damaged to include functional damage to the suspension system, cracks or holes to the container hull, hull deformity to the extent the container cannot be closed (or sealed where required), or dents that will interfere with the item envelope; (2) corrosion has progressed to the point where fit, function or the life of the container is affected. Items received without containers or containers determined to be unserviceable shall be processed IAW the Contractor's locally approved Government Property procedures. Components received improperly packaged, damaged with corrosion/deterioration or those with shipping discrepancies shall be reported IAW data item -7-, Exhibit A.

g. Any Contractor paint facility which is used in the performance of this contract shall comply with the Environmental Protection Agency and Occupational Safety and Health Administration standards for painting as implemented by TM 55-1500-345-23, Painting and Marking of Army Aircraft.

h. Over and above work requirements shall be determined and handled IAW the clause at DFARS 252.217-7028, "Over and Above Work".

i. Data and reports shall be submitted IAW the Contract Data Requirements List, DD Form 1423, Exhibit A. Data shall be packaged, packed and marked as necessary to assure safe delivery to the addresses indicated on the DD Form(s) 1423.
