TITLE: QUALITY VERIFICATION (USAAMCOM)

TEXT

Completed Production Units may be required for Quality Verification Inspection. The Contractor shall, 30 days prior to the first scheduled delivery of production hardware, notify (in writing) the Procuring Contracting Officer -1- and AMSAM-RD-SE-QM, U.S. Army Aviation and Missile Command, Redstone Arsenal, Alabama, of the contract number, scheduled shipment and quantity to be shipped. If Quality Verification samples are required, a unilateral contract modification will be executed regarding shipping instructions and the quantity to be shipped.
