TITLE: EVALUATION OF PROPOSAL FOR TECHNICAL ACCEPTABILITY (USAAMCOM)

TEXT

a. An evaluation shall be performed to determine if each proposal is technically acceptable. A technically acceptable proposal must clearly show that the offeror can meet the minimum requirements of the Government. Each proposal will be reviewed to assure that each function included in the specification is discussed in the proposal; therefore, each offeror MUST respond to each functional requirement of the specifications.

b. Contractor shall furnish applicable commercial price list(s) quoted.

c. Basis for Award - Award shall be made to the Responsible, Technically Acceptable Offeror, who proposes the lowest evaluated price. Award may be made without discussions.

(End of provision)
